## What You Need to Know

Jim Thorpe has always been a tourist destination and we welcome visitors to our community. Safety is our primary concern and so we strongly encourage visitors and residents to practice the necessary safety precautions identified by the CDC and PA Department of Health. Masks are required whenever you are unable to keep 6' distance between others. Follow the specific requirements posted by individual merchants and restaurants. Wash your hands and use hand sanitizer frequently

During the holiday season, the Jim Thorpe Tourism Agency will continue to highlight and advertising our local merchants and restaurants' holiday specials and sales. Due to COVID-19, there will be no organized events this holiday season. Specifically, there will be no tree lighting ceremony or Cookies & Cocktails event this year.
